

# Prescribed Fire and Community Health Resources List

## Toolkits and Outreach Resources

- Air Quality Awareness Week Flier with Environmental Education Resources for Air Quality and Smoke:  
<https://www.airnow.gov/sites/default/files/2021-04/aqaw-ee-resources-4-28-21.pdf>
- Oregon Health Authority (multiple wildfire preparedness fact sheets in multiple languages):  
<https://www.oregon.gov/oha/ph/preparedness/prepare/pages/prepareforwildfire.aspx>
- Put Fire to Work (outreach Toolkit):  
<https://www.putfiretowork.org/>
- Smoke-Ready Community Toolbox:  
<https://www.epa.gov/smoke-ready-toolbox-wildfires>
- Washington Health Smoke from Fires Toolkit (resources in multiple languages):  
<https://www.doh.wa.gov/CommunityandEnvironment/AirQuality/SmokeFromFires/SmokefromFiresToolkits>

## Apps

- California Smoke Spotter App for prescribed burns and smoke forecasting  
<https://ww2.arb.ca.gov/news/california-air-resources-board-launches-california-smoke-spotter-app>
- Smoke Sense App (US EPA Citizen Science):  
<https://www.epa.gov/air-research/smoke-sense-study-citizen-science-project-using-mobile-app>

## Smoke Monitoring

- California Air Response Planning Alliance Monitoring Cache:  
<https://ww2.arb.ca.gov/our-work/programs/california-air-response-planning-alliance>
- Low-Cost Sensors (EPA does not endorse any particular commercial product. Mention of trade names or commercial products does not constitute EPA or USFS endorsement or recommendation for use):  
<https://www.epa.gov/air-sensor-toolbox/guide-siting-and-installing-air-sensors>
- Washington Department of Natural Resources Burn Portal: <https://burnportal.dnr.wa.gov/>

## State and Local Websites

- California Smoke Blog:  
<http://californiasmokeinfo.blogspot.com/>
- California Wildfire and Forest Resilience Task Force: <https://fmtf.fire.ca.gov/>
- SmokeWise Ashland:  
<https://www.smokewiseashland.org>
- Washington Smoke Blog:  
<https://wasmoke.blogspot.com/>

These resources were shared by presenters during the June 23, 2021 webinar: "[Prescribed Fire and Community Health](#)." Additional resources, stories, and lessons are available on the FAC Net Blog: <https://fireadaptednetwork.org/blog/>

## Health Impacts and Resources

- Washington Health Smoke from Fires (English):  
<https://www.doh.wa.gov/CommunityandEnvironment/AirQuality/SmokeFromFires>
- (Spanish):  
<https://www.doh.wa.gov/CommunityandEnvironment/AirQuality/SmokeFromFires/HumodeIncendios>
- SNAPP Project, Wildfires and Human Health:  
<https://snappartnership.net/teams/wildfires-and-human-health/>

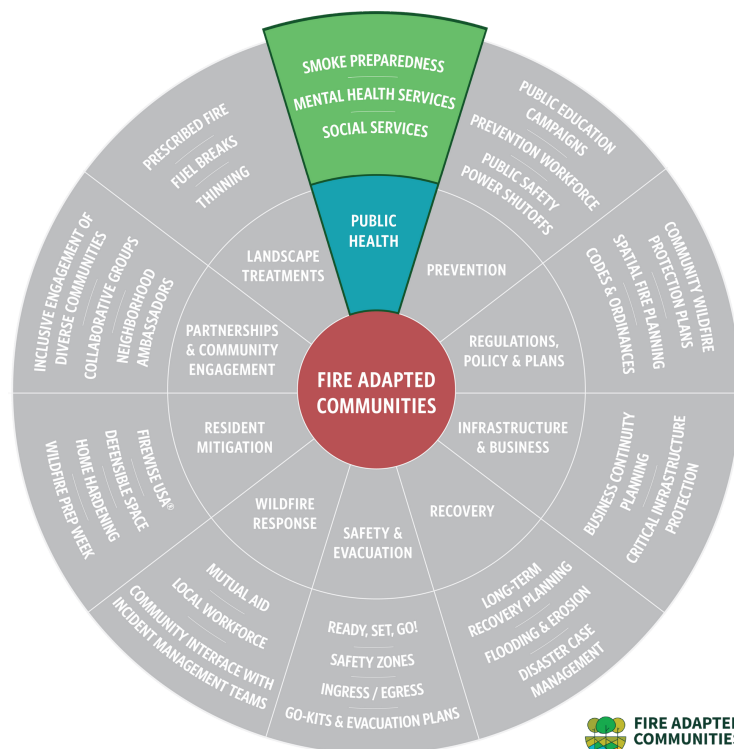

## Indoor Air Quality

- Confederated Tribes of the Colville Reservation indoor air quality:  
<https://www.cct-enr.com/box-fan-filter>

## Washington Prescribed Fire Council

Public health is an essential part of a fire adapted community. See <https://fireadaptednetwork.org/resource/resident-hepa-filter-programs-community-solutions-for-creating-clean-air/> for several additional examples of how communities across the country are creating clean air spaces and working to better prepare their communities for smoke.

Right: Fire Adapted Communities Graphic with the public health component highlighted. Graphic available at: <https://fireadaptednetwork.org/resource/fire-adapted-communities-graphic-and-facilitators-guide/>

This document was created by the Fire Adapted Communities Learning Network. FAC Net is a community of wildfire practitioners across the nation that is supported by the United States Forest Service, Departments of the Interior, The Nature Conservancy and the Watershed Research and Training Center. Visit [www.fireadaptednetwork.org](http://www.fireadaptednetwork.org) to subscribe to our weekly blog to get stories of community wildfire resilience straight to your inbox.
